PROFESSIONAL SUMMARY:

As a recent Computer Science Engineering graduate, I have cultivated a strong foundation in programming and a passion for software development. With proficient in Java, MySQL, Html, CSS, and JavaScript, I am primed for full-stack web development and software engineering. Through my projects, I have showcased my prowess in conquering real-world challenges effectively. I am enthusiastic about contributing my skills and propelling impactful solutions as an integral part of your team.

TECHNICAL SKILLS:

- **Languages:** Java, JavaScript
- **Web Development:** Html, CSS, Bootstrap
- **Databases:** MySQL
- **Version Control:** Git, GitHub

PROJECTS:

- **Area Crime Alert System:**
Developed a mobile application that provides users with access to crime rate information for specific areas. It caters to individuals moving to new areas and police departments managing crime data. The app features a user-friendly interface and secure data encryption using AES-256. Blockchain Technology ensures data integrity and alerts police to tampering attempts.
Technologies used: Java, MySQL.
- **E-commerce Website (Full-stack):**
Crafted a fully functional E-commerce website independently during my academic journey. Utilized JSP, Servlets, JDBC and MySQL to engineer an intuitive user interface for product exploration and seamless checkout. The project epitomized my capacity to apply theoretical knowledge to tangible solutions, underscoring my robust problem-solving skills and an unwavering passion for web development.
Technologies used: JSP, Servlets, JDBC, Bootstrap, and MySQL.
- **Lab Report Cover Page Generator (Web Application):** [\[Demo Link\]](#)
Devised and engineered a user-centric Lab Report Cover Page Generator, focused on streamlining the lives of college students. This platform offers a hassle-free solution for producing polished cover pages for lab reports, substantially reducing the time and effort entailed in this routine task.
Technologies used: Html, CSS, JavaScript.

- **Portfolio Website (Responsive):** [\[Demo Link\]](#)

Fashioned my portfolio website into a visually captivating and responsive platform that spotlights my skills and projects. Encompassing sections for "About Me," "Projects," and "Contact," it provides an engaging and user-friendly experience. The website's adaptability ensures it evolves alongside my burgeoning skill set and project portfolio.

Technologies used: Html, CSS, JavaScript

EDUCATION:

Bachelor of Engineering in Computer Science

Jayawantrao Sawant College of Engineering, Pune

Year of Completion: 2023

CGPA: 8.41/10

Higher Secondary (HSC)

H. D. Save Jr. College, Tarapur

Year of Completion: 2019

Percentage: 55.08/100

Secondary School Certificate (SSC)

Boisar Military School, Boisar

Year of Completion: 2017

Percentage: 81.2/100

KEY QUALIFICATIONS:

- **Dedicated Work Ethic:** Committed and hard-working team member with a relentless drive to achieve goals and consistently deliver results.
- **Exceptional Team Player:** Demonstrated an inherent ability to collaborate effectively within cross-functional teams, fostering a positive and productive work environment.
- **Analytical Problem-Solving:** Established a formidable track record of solving complex problems by data analysis, identifying root causes, and implementing innovative solutions.
- **Thrived in Adaptability:** Rapid learner with the ability to thrive in dynamic and challenging environments, adapting to new technologies and methodologies as needed.
